Sunny side

On [REDACTED] Wednesday 15 feb, Mr. Vikram

(Uncle) came to ~~Sunny side~~ At first, an eerie silence filled the environment, but not for long, a screaming laughter rang through the whole of kottivakkam. An hour later even the experts were roaring with laughter. The kids from Sunny side met many characters such as Finga and fingi, Vikram and more...

The kitty names

Tuby - Tortoise shell
Stacy Jr - Tabby
Solice - Bi - colour

To do for the Odiyur lake trip

"Get the names of the birds you see at the lake in tamil"
Said Mr. Vikram.

THE WORLD COME TO S.S

□Abdul Muiz

Till now visitors from Iran, Sri Lanka, Austria, Vietnam, Russia, Spain, Germany, Mumbai, Ukraine & Sweden have come to S.S, to name few.

Most of the visitors are guest of Hafeez Khan of the ComuniTree.

Lot of students are gearing up for the next visitors.

"I guess the next visitors will be from Ireland or England" said Mansoor one of the senior students "I wish they will be from... Afghanistan"

DAY WITH THE SNAKES

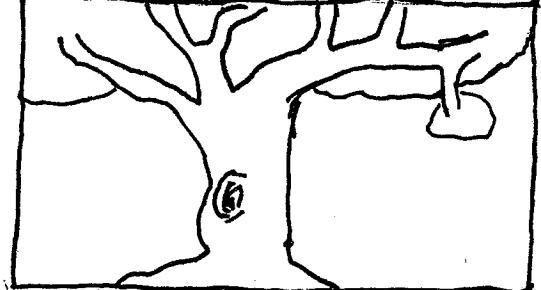

□Abdul Muiz

Sunayside kids went to a village for a snake walk. They were met by two men from the Irula tribe. Mr. Kaali & Raja uncle were trained to handle snakes.

3 different kinds of were found. A 2.5 meters Rat snake was first found due to the cry of 2 scared squirrels.

Next a baby Keel back was found in a rat hole.

The last but not least was the Bronze back tree snake in the marsh.

THE HAH HAH TIMES

In November 2022, the tremendously exhausting but fun experience was introduced at sunny side, The fantasy maps! The outline of the maps were made using pebbles, chanas & green grams! Then came the fun part of building your world to make it how you imagined. Every kiddo had something different to think about & draw. Comments were passed around, everyone was interested in what the other person had done. All that fun came with some hardwork Sketching the terrains, water bodies, vegetation and civilization required lots of.

DRI

Each map had its own thought process and detailing along with an interesting story behind it.

THE END ☺

Logical thinking that drove everyone up the wall. After putting more than 5 hours (Maybe) of hard work & racking our brains the maps were complete.

On 18th Feb 2023, students of Sunnyside were well prepared to have the best time of their life. They observed more than 3000 birds in the Odiyur lake. And they visited the so-called "Gigantic" sand dune. "It was the best trip ever from sunny side" said a student. But all got ruined when a student caught a fish in the Alamparai fort. The poor fish didn't see another day. The desperate students tried their best to save it, but failed. R.I.P fish :: THE END ::

3 CRAZES IN S.S.

WILDERNESS

Wilderness is a game with ecosystems and their habitats. It was a game gifted by Aneesa Aunty, a game so fun & addictive. It was played everytime the kiddos got a break.

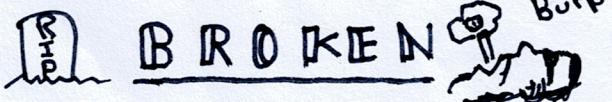

SACK BALL

Mazda, D pro and Mouse started Sackball. Sackball is a game just like football ~~HEHE~~ but with a flat ball. Once Mazda, D pro & Mouse began playing it more often, everybody started playing it with them.

MAFIA

Mafia was a game introduced by Ham, there is a commentator who leads the game and there is a Mafia who kills the civilians. The civilians have to guess who among them is the mafia. It was often played because everyone wanted to be the mafia or commentator.

SUNNYSIDE STRUCTURES!

How did the acrobatic craze began?

On 24th february, the three girls

of Sunnyside were desperate to find acrobatic challenges. "Let's do a sitting kind of challenge"

suggested Marya. The structures only included the girls... But suddenly there was an outburst!

"the majority took over!!" Quoted Roo in fury.

the boys made tall structures which shockingly reached

the ceiling. "We soon settled with the thought of the boys being the stars" But it's clear that the

girls are the original acrobatic creators of Sunnyside!

SPARROWS GET HOMES

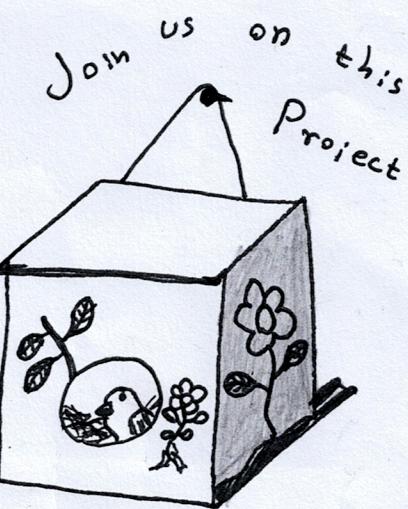

Abdul Muiz

The Sunnyside kids distributed more than 100 sparrow homes at the Kottivakkam Kuppam on March 7th. The purpose was to increase the Sparrow population in Kottivakkam.

Whizzing Brains CP

Nine children from Sunnyside are working on their glorious, unique novels - each different from the very best. Three months have whizzed by and the children are chiseling lime . . .

The got to catch up! Pens and pencils, busily scribbling on paper and keyboards tapping hard as the desired words appear on the screen and their faces break into a grin. But as the printing machines whirr and the novels emerge, they present it to the facilitator - a few words from her and their smiles melt away into a look of disappointment. But deep inside, they know it's for their own good and their novels are developing . . . into beautiful stories . . .

The Earth Proclaims again.

V.O.E (Voice of earth) is a project in Sunny Side to take care of waste management in Chennai. The project comes back after two months. "It's been such a long time since I've seen you guys!" said Aishwarya, Mentor of V.O.E.

Scrap turns into Scrapped Cars

The kids played and became engineers for a week and made D.I.Y cars. An invention was made when a team made an 3-wheeler car. But the question is/was if the three-wheeler trend will take off in the world of Sunny Side?

Breaking News !

The "Tug" of Learning

The kids played Tug o' war, and had a lot of fun. They made teams and pulled with all the force they have. The teachers were also happy, because they grabbed the opportunity and taught them about friction.

Heritage Walks in Heritage

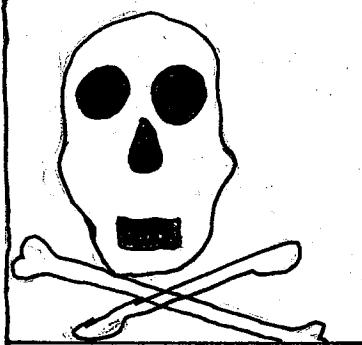

The Splendid History Seekers of Sunny Side went to Royapettah. The seeking was a success, having seen 4 old structures, including Wesley church, and Royapettah clock tower. In the end they met the Bird Man of T.N.

HORROR SUNNYSIDE

As Sunnywood declared discontinuation of their previous movie, and now have planned a serial.

The production has started. "There has been a lot of planning going on for this major block buster" said Roo, one of the actors in this serial. It is heard that lipsticks, powder and a lot more things are going to be used to make this serial genuinely scary.

Why so much equipment?

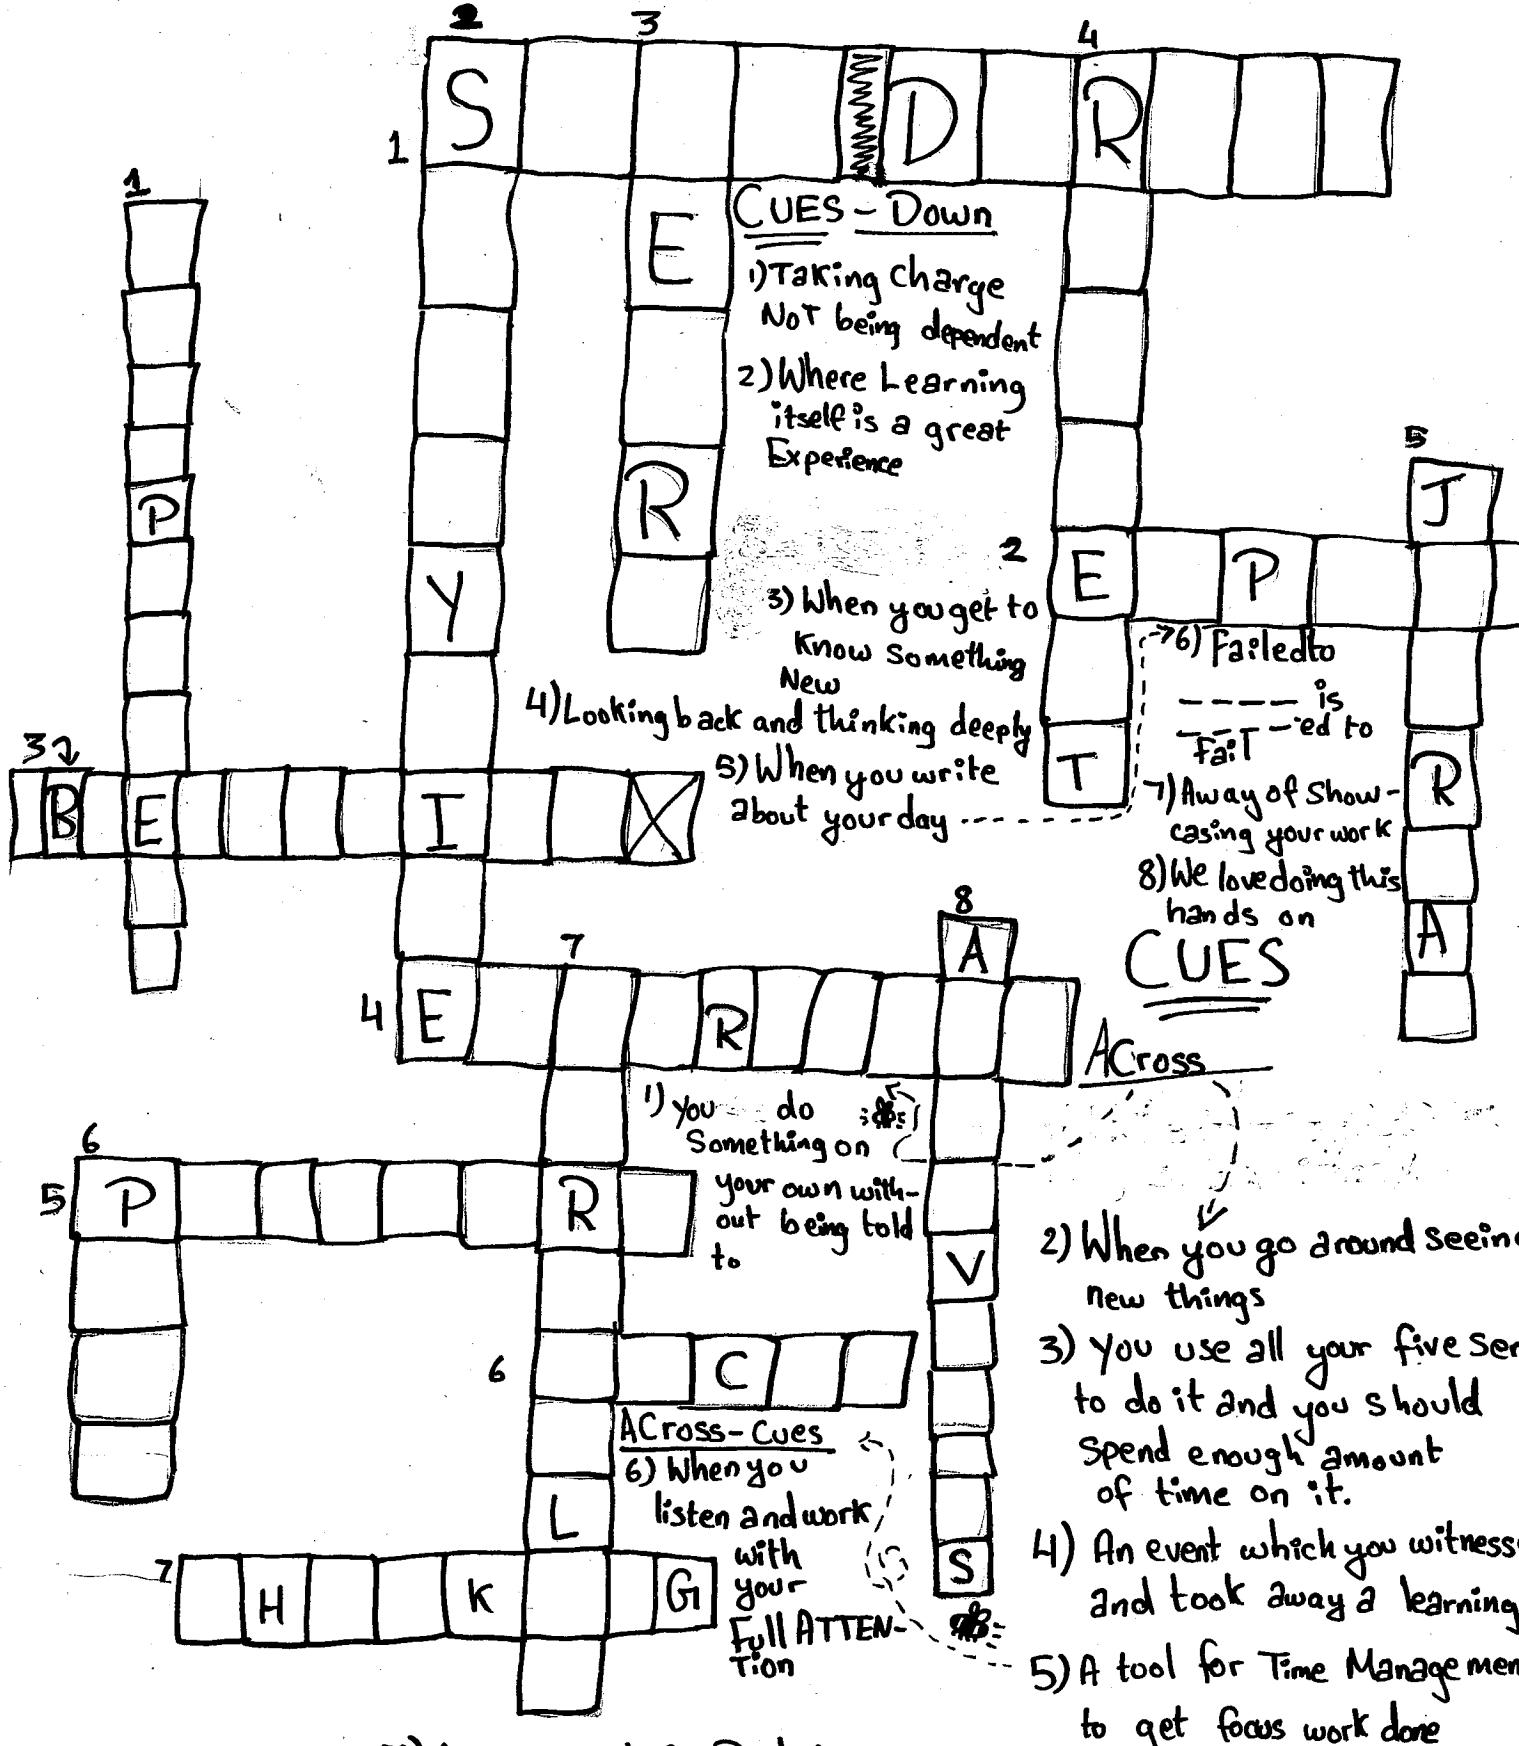

Well Sunnywood claimed that a learner from Sunnyside named Mazai commented that the horror serial won't be scary. "We should prove him wrong" quoted Marya an actor who is playing the role of a Sister. **DOES SUNNYWOOD INVITE ALL ACTORS?**

Sunnywood wanted to be very honest and said we are okay with new actors but prefer only temporary actors as we worry about availability of actors, since sunnywood doesn't have an official place yet. It is clear that Sunnywood isn't ready for other full time actors but still want to give new actors an experience of acting in a movie at least once. Another actor who went by the name Hud commented that Sunnywood is now taking all movies and serials to a professional level. This makes the people of Sunnyside to look more forward to Sunnywood's movies.

A very important point is that for the safety of the actors who are all under 14, the movies were all private and is only shared to close ones from Sunnyside. This takes us to a conclusion that sunnywood is confident about their future!
