

A K-12 EXPERIENTIAL LEARNING SCHOOL

REIMAGINING LEARNING FOR A NEW GENERATION

At Sunnyside, children learn the way humans are naturally wired to learn — by exploring, doing, questioning, and connecting with the real world.

We are a K-12 Experiential Learning School where childhood is respected, curiosity is protected, and learning feels meaningful, joyful, and alive.

WHO WE ARE

A community committed to raising thoughtful human beings:

- Facilitators who guide rather than instruct
- Parents who partner deeply in the journey
- Experts & mentors from diverse fields
- Children who lead with curiosity, courage, and compassion

PREPARING CHILDREN FOR THE FUTURE

- Hands-on, experiential learning connected to the real world
- Self-directed and purposeful exploration
- Nature as a learning environment, not an occasional outing
- Interdisciplinary projects that build thinking + doing skills
- Mixed-age spaces that encourage leadership and collaboration
- A culture of respect, responsibility, and reflection

WHAT WE STAND FOR

We are a value-based institution. For us, education is not only about what children learn — it is about who they become.

We intentionally nurture:

- Integrity & responsibility
- Kindness & empathy
- Confidence with humility
- Independence with purpose
- A strong sense of self and community

LEARNING PATHWAYS

Blended curriculum: Montessori → CBSE/Samacheer Kalvi → IGCSE/American

- **Primary (2.5–7 yrs):** Exploration, independence, sensory experiences
- **Elementary (8–10 yrs):** Project-based inquiry & foundational skills
- **Middle School (11–13 yrs):** Applied, interdisciplinary learning
- **High School (14+ yrs):** NIOS pathway, real-world readiness & specialization

**Sunnyside is not an alternative.
It is education, as it should be.**
